Lisa Reid	Ranfurlly Venus	NZ	6 points
Angie Kara	Kalgan Endeavour	WA	2 points

Thankyou to all our members so far who have sent in their results for 2008. We are going to be allocating trophies to winners in each category where there are TWO or more competitors and an overall trophy for the person with the highest number of points across all categories. Congratulations to Jane Howell who will soon be receiving the perpetual trophy for the highest point scores in 2008!!

The individual Category Trophy Winners are:

HACKING:

Jane Howell and Dark Emma

HALTER:

Kay Taylor an Ranfurly Anzac

Please remember to send in your point score cards at least twice a year so I can update them along the way. It also helps if you include a stamped, self addressed envelope with your card so I can send it back to you quickly.

If you are a new member and don't know about the Point Score system – basically if you are out and about competing in any discipline – we do this system where you enter your results in the CBHSA Point Score Card (which we send you) and then the results are published in the Bay Bulletin and on the web page. How to keep record of your points is outlined on the back of this card. The card is sent to me twice a year to record your results and publish these too to see how you are going compared to all the other competitors during the year.

If you need a Point Score card please let me know by email angie@scitech.org.au or give me a call or text with your address details on 0439 855 884. We will also be posting out membership cards to all members so if you haven't received yours please let a committee member know.

We are going to be allocating trophies to winners in each category where there are TWO or more competitors and an overall trophy for the person with the highest number of points across all categories.

Kind Regards, Angie Kara
