Lisa Reid	Ranfurly Venus	NZ	6 points
Angie Kara	Kalgan Endeavour	WA	3 points

Dear Point Scorers,

Here are the point scores for 2008 – looks like there are not many competitors out there competing this year either this or you haven't send me your point scores yet! I would love to hear from you if you have outstanding scores that are not on display here, so please email or post me your results by the end of November. I guess EI had a reasonable impact on all of us this year too.

If you are a new member and don't know about the Point Score system – basically if you are out and about competing in any discipline – we do this system where you enter your results in the CBHSA Point Score Card (which we send you) and then the results are published in the Bay Bulletin and on the web page. How to keep record of your points is outlined on the back of this card. The card is sent to me twice a year to record your results and publish these too to see how you are going compared to all the other competitors during the year.

If you need a Point Score card please let me know by email [angie@scitech.org.au](mailto:angie@scitech.org.au) or give me a call or txt with your address details 0439 855 884. We will also be posting out membership cards to all members so if you haven't received yours please let a committee member know.

We are going to be allocating trophies to winners in each category where there are TWO or more competitors and an overall trophy for the person with the highest number of points across all categories. Look forward to hearing from you soon!

Kind Regards

Angie Kara  
CBHSA – WA
